## About This Game

You are a Grey Warden, one of the last of a legendary order of guardians. With the return of an ancient foe and the kingdom engulfed in civil war, you have been chosen by fate to unite the shattered lands and slay the archdemon once and for all.

---

## **A Stunning World to Explore**

- BioWare's deepest universe to date with over 80 hours of gameplay and more than double the size and scope of Mass Effect
- Travel throughout dozens of environments and fully immerse yourself in a shattered world that is on the brink of utter annihilation
- An epic story that is completely shaped and reactive to your play style

## **Complex Moral Choices**

- There are no easy choices
- Tailor your Dragon Age: Origins experience from the very beginning by choose from six different Origin Stories
- Decide how to handle complex issues like murder, genocide, betrayal, and the possession/sacrificing of children without the security of a good/bad slider to tell you what to do

## **Full Character Customization**

- Sculpt your hero in your own image or fantasy
- Elaborate character creator allows you to create your own hero unique from anyone else
- Shape your character's personality and morality based on the choices you make throughout the game

## **Engage in Bone-Crushing, Visceral Combat**

- Battle against massive and terrifying creatures
- Unleash legendary powers and choose from over 100 different magical spells and skills
- Experience the adrenaline rush of brutal combat, beheading your foes or casting spells that make enemies explode from within

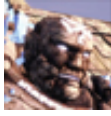

**Blood Dragon Armor**

Commissioned by an infamous Nevarran dragon hunter, this armor was crafted in a time when dragons had almost been hunted to extinction. Infused with their blood, the armor gained notoriety after the hunter died at the hands of men rather than the dragons it was designed to protect him from.

- Grants exceptional protection in combat

- 
- Armor will be usable in BioWare's upcoming science fiction epic, Mass Effect 2

#### The Stone Prisoner

The darkspawn-infested village of Honnleath holds a secret: the forgotten stone figure at the town's heart is a powerful golem frozen in time. Free the creature and reveal a storied quest to unlock its power and mysterious past.

Download The Stone Prisoner and gain access to Shale, a mighty stone golem who can join the party and travel throughout Dragon Age: Origins. One of the most powerful characters in the game, Shale comes with a rich back story, extensive voice acting, and a unique follower quest to explore. The Stone Prisoner also includes new environments, items, and hours of additional gameplay that adds to the Dragon Age: Origins campaign.

- A powerful new party member to aid in the epic quest to save Ferelden from the Blight
- New areas, including the troubled village of Honnleath
- New achievements, items, and unique insights into the Dragon Age: Origins storyline

The best of the DA series, imo. The story-line is fantastic, the fight mechanics are challenging while still being fun, and the world and lore it builds up is rich and deep. I love the sheer amount of role-playing available. During character creation, you can choose your gender, look, race, class and origin. Each origin has a different start to the game. At each turn, you are given a multitude of choices - from your conversations with NPCs to much bigger decisions such as which faction to support, who to kill etc. (without spoiling anything). There are so many possible endings too! Last but not least, it has the best companions. Each has an engaging personal storyline and the party dynamics are hilarious with all the conflicting personalities. The game is very easily modded too, if you are interested in that.

Cons: Game is buggy (which is fixable by mods but you will still need to google search your way through some of the issues). Graphics are obviously outdated compared to newer games though it's not that bad. It's easy to pick the wrong choice because it's not clear what ends the conversation train.

I would still highly recommend this game to anyone looking for a good RPG, and especially to those who need character customisation, romance and/or a rich story.. i loved dragon age origins. i played this game back in 09 and, i wanted to play it again for the feel of nostalgia. i must say that the story is still captivating and rivals many newer games. i would recommend this game to anyone who loves a good story plot. As there will be plenty of breathtaking moments.. I only want to say... this game is the best in the whole gaming world. I'm ready to play over and over. Even after 10 years the game remains in my heart.. It has a good story and choices do matter. It was a lot of fun.
